15 February 1957

MEMORANDUM FOR: Assistant Director for Research and Reports

SUBJECT : Maps of Vietnam Demilitarized Zone

REFERENCE : K-4711

1. As discussed with your Geographic Area analysts by members of the FE Division, it is requested that three different maps be prepared on the Demilitarized Zone between North and South Vietnam. Two of the maps are to be town sketches, for which the information has already been furnished by ORR, and the third is to be a map of the entire Demilitarized Zone extending from the sea to the Laos border. The actual specifications have been discussed fully.

2. Inasmuch as these maps are needed operationally and should be completed as soon as possible, their preparation takes precedence over a general map of Indonesia currently being worked on in the Cartography Division. The maps should bear a SECRET/NOFORN classification and be reproduced in lots of twenty copies each.

3. Any questions pertaining to this request may be referred to [redacted] on extension 8641.
